

LUTSEN MOUNTAIN RECREATION AREA

Overnight Parking Information

(updated May / 2021)

There is no charge or registration requirements for parking at Lutsen. At specific times during the summer, Lutsen gets incredibly busy. Please allow extra time for parking.

Instructions for Parking at Lutsen

Driving Directions:

At Hwy. 61 (mile post 90.1) go inland on Cook Cty. 5 / Ski Hill Rd. for about 1.7 miles. This is where the gondola ski lift crosses the entry road. The main parking lot is just a little further ahead.

Where to park:

Lutsen is not very particular about where you park, as long as the spot is not marked as a "No Parking" area. Do **not** park in the parking area directly beneath the gondola.

If you choose to drive down to the spur trail parking area and leave your vehicle there, just remember that we do **not** pick up at the spur trail parking area. You will need to walk out on the entry road (200 plus yards) to the gondola ski lift pick up area.

Where we pick up:

We pick up passengers at the side of the road beneath the gondola. Please wait on the sidewalk area.

Please leave your cell phone on until after we arrive so we can get in touch with you if needed.

For more information, visit Lutsen's website: [Lusten Mountain Recreation Area](http://www.lutsen.com).
